Liberation et remémoration en groupe BALINT
Liberation and remembrance in BALINT group

Dear Colleagues,

This is to welcome you Balint Spring Days in Caen, joined with an IBF Council meeting. Caen, Normandie includes the coast targeted for the landing of the allies on the D Day beaches.

Bearing that in mind, we thought of proposing the following theme:
"Liberation and remembrance in Balint groups".

What liberation are we looking for in a Balint group?

How may the remembrance process lead to a change of perspective, values, or holding capacity?

Waiting for the chance to welcome you and exchange with you

For the organizing community :
Dr Isabelle Nouet Martinot,
Dr Pierre André Couette
